	Prior to Safeguarding Week, Hannah Murphy is running an information event about working within Charities that have Volunteers this is to be held Crossroads Community Space, Tynwald Street, Douglas (*tbc)
	All week across Manx Radio will be a series of recorded broadcasts from an Interview with Sam Holmes (Safeguarding Children's Lead) to be aired throughout the week around the theme of exploitation and its impacts on children and young people
	Department of Education, Sport and Culture are running throughout the week the Crimestoppers "Fearless" campaign an anonymous crime reporting system, which allows young people to pass on information about crime. It is important to change the narrative of crime reporting when talking to young people. They are not being a snitch; they are helping to make their community, friends and family safe. They are creating a safer place for everyone to live.
	Isle of Man Constabulary The Isle of Man Constabulary's priority is to protect vulnerable people and therefore we support Safeguarding week and the focus it brings to ensuring that as a community and partnership, we take time to both reflect and protect those around us who are in greater need than we are. A person is vulnerable if, as a result of their situation or circumstances, they are unable to take care of or protect themselves or others from harm or exploitation. Preventing children and vulnerable adults from being exploited is at the heart of the work the Constabulary do daily. It's the reason you see us operating around our Ports to prevent drug trafficking and everything that goes with it, right through to early intervention and the reason we deliver and input on exploitation to children at schools. This year during Safeguarding week we have a series of activities planned to help strengthen our community response to exploitation and as ever we will continue to support the public, together with our partners, in a cohesive way, to tackle this abhorrent and devastating crime and to protect and preserve the quality of life and freedom that safety brings to the island and our communities.

 	<p>Wellbeing Partnerships are a locally based team who provide co-ordinated support for people to help them stay well in their own community.
